Kenneth P. McCutchan Art Center

*A vision for the arts on the campus of the
University of Southern Indiana*

The Kenneth P. McCutchan Art Center will be a one-story, 6,000-sq.-ft. addition to the Liberal Arts Center. It will showcase the work of students, alumni, faculty, and traveling exhibits on the USI campus. Art students will gain hands-on experience in all areas of managing an art gallery, while the University community and general public will benefit from the educational opportunities in the visual arts. In addition to four exhibition areas with movable wall partitions, the McCutchan Art Center will feature a foyer overlooking Reflection Lake to be used for openings receptions and gallery information.

Alan and Susan Shovers cordially invite you to
