The 2007 Symposium will explore the artistry achieved by 20th-century metal craftsmen who combined their art with Carder Steuben Glass.

- Discover metal craftsman Oscar Bach (1884 ~ 1957) and his legacy of decorative pieces and architectural creations.
- Experience the beauty of rare DeVillbis perfume atomizers that showcase Steuben Glass set off by intricate metal components.
- Learn about the Roycroft artisan community (1894 ~ 1938) through the presentation, "Roycroft Copper: Origin, Evolution and Collaboration."
- Enjoy presentations by the Rakow Library and see pieces made with Steuben Glass and crafted metal.
